TEMPLATE REQUIREMENTS
Please ensure that the hob, taps and other fittings that may be fitted in or on top of benchtop are on the site. Please send the sink inserts to our factory before template as with our production process we can not start any work without these. Thank you.

PLEASE READ AND ACCEPT BELOW
I am aware that only 2 site visits (1 Template, 1 Install) have been allowed for. I accept that any extra site visits will be charged out at \$150+GST without notice per visit. I am aware of the fact that sheets/slabs may show off colour particulate (black specs of stone in a white stone) and irregular aggregate distribution. I am also aware that the backing aggregate will show on an undermount sink when using thin stone products. I am aware of the characteristics of a Stone join. I acknowledge it is my responsibility to inform my client of these and that if I choose, view with my client the full sheet/slab before works proceed. I have allowed for easy access for installation and I understand that crane hire is additional. I understand that this represents an official order and job confirmation.
